CHARDONNAY

"Depending on where it grows and how it's made, Chardonnay can taste different. Typically, Chardonnay is a dry, medium to full-bodied wine with moderate acidity and alcohol. Its flavours range from apple and lemon to papaya and pineapple, and it also shows notes of vanilla when it's aged with oak"

Durbanville Hills	60 / 180
Haute Cabriere Unwooded	185

CHENIN BLANC

"Chenin Blanc in its most classic form in the Loire Valley is full of floral and honeyed aromas and quince and apple-like flavours with good zippy acidity. When cool-fermented as in so many instances in South Africa, it can be quite peardroppy, becoming more peachy in fuller dry whites"

"Compared to most varietal whites, many white blends offer significant bottle aging potential. Flavours also vary, though in general, most white blends will have notes of citrus and white fruit. As with any white wine, white blends are best served chilled"

ROSE

"Rose's flavour profile is fresh and fruity. Think light red, like Grenache, with some extra brightness and crispness. Expect flavours such as red fruits like strawberries, cherries and raspberries"

MERLOT

"Merlot has dark fruit flavours of black cherry, blackberry, plum, and raspberry layered with herbal notes and undertones of vanilla and mocha. Remember that the prominent fruit flavours that make Merlot an easy-drinking wine do not equal sweetness"

PINOTAGE

"Pinotage, primarily known for its dark, ripe fruit flavours like blackberry, cherry and fig, has a bold, sweet jammy flavour with a smokey, earthy finish."
